ABOUT ME

Data Analyst with hands-on experience in SQL, Python, and Power BI, specializing in cleaning complex datasets and building dashboards that drive business decisions. ALX Africa-certified, with additional training from Microsoft, McKinsey, and DataCamp. Currently expanding into database administration and cloud data platforms (PostgreSQL, AWS).

SKILLS

- MySQL, PostgreSQL
- Python: Pandas, NumPy, Matplotlib
- Business Intelligence: Microsoft Power BI
- Excel: VLOOKUP, Pivot Tables, Conditional Formatting
- Data cleaning, validation, and exploratory analysis

PROFESSIONAL EXPERIENCE

Analyst Labs Africa

Data Analytics Intern

June 2025 – Present

- Cleaned and validated complex datasets using Excel and Python (Pandas), improving data integrity and reducing errors in downstream reporting by 55%.
- Built interactive Power BI dashboards tracking key campaign KPIs, enabling stakeholders to identify a specific trend and cutting manual reporting time by 4 hours/week.
- Maintained a public GitHub repository documenting all analysis code and methodology, supporting transparent and auditable workflows across 2 projects.

PROJECTS

Superstore E-Commerce Analytics

Designed and developed an interactive **Power BI** dashboard to deliver actionable intelligence on sales performance and profitability
